

OFERTA PRACY – Post-Doc – postdoctoral researcher

Nazwa stanowiska: Post-Doc – postdoctoral researcher

Instytucja: Uniwersytet im. Adama Mickiewicza w Poznaniu (WCZT)

Wymagania:

Required qualifications:

1. PhD degree in chemistry or materials engineering.
2. Very good knowledge of biomaterials and biopolymer science.
3. Fundamental knowledge of analytical techniques utilized in materials characterization (XRD, NMR, MS, IR, Raman spectroscopy, nanoindentation, AFM).
4. Very good knowledge of English.
5. Fast learning ability.
6. The ability for team working and good interpersonal skills.
7. PhD defended during the years 2014-2020.

Opis zadań:

Responsibilities:

Laboratory work aiming at the realization of the project entitled, Bioinspired materials science: Poriferan Chitin as multi-target scaffolding biomaterial. Everyday duties concerning the organization of the laboratory work. Overseeing research tasks performed by the Ph.D. students.
Presentation of the obtained results.
Participation in preparation of the scientific articles.

Typ konkursu NCN: OPUS – ST

Termin składania ofert: 15 marca 2021, 00:00

Forma składania ofert: email

Warunki zatrudnienia:

Contract: 12 months contract of employment with the possibility of extension
Financial conditions: (10 000 PLN/month - gross)

Dodatkowe informacje:

Additional information's:

Deadline for the applications: 15 March 2021

Start of the project: 01 April 2021

Project implementation time: 48 months

Perspectives: The topic includes real opportunity for habilitation in Biomaterials Science

Additional information: email: hermann.ehrlich@amu.edu.pl

The candidate should provide the following documents:

1. The motivation letter
2. CV and list of publications
3. One reference letter

These documents should be sent electronically via mail to hermann.ehrlich@amu.edu.pl
