Conditions of the competition determined by the competition committee
--

I) Determination of qualifications: (researcher profile) according to the Euraxess guidelines

- (R1) First Stage Researcher (up to the point of PhD)
- (R2) Recognised Researcher (PhD holders or equivalent who are not yet fully independent)
- (R3) Established Researcher (researchers who have developed a level of independence)
- (R4) Leading Researcher (researchers leading their research area or field)

<https://euraxess.ec.europa.eu/europe/career-development/training-researchers/research-profiles-descriptors>)

II) Job Offer description

The successful candidate will take an active part in conducting research planned in the grant proposal "The role of varied retrieval in successful learning" (a brief description of the project can be found here: <https://ncn.gov.pl/sites/default/files/listy-rankingowe/2022-09-15-opu8jisl/streszczenia/573691-en.pdf>). They will be responsible for preparing experimental procedures, conducting experiments, as well as analysing experimental data and preparing publications on their basis. Additionally, the successful candidate will be co-responsible, together with the principal investigator, for supervising a doctoral candidate working on the same project, and will be required to actively participate in regular lab meetings. Due to project requirements, the successful candidate will need to be based in Poznań, Poland.

III) Requirements and qualifications

The competition is open to individuals who meet the requirements specified in Article 113 of the Law on Higher Education and Science of 20 July 2018 (Journal of Laws of 2023, item 742, Article 113 as amended) and who meet the following requirements:

- PhD in Psychology or a related discipline, or PhD thesis submitted by September 30th, 2023 (in the latter case employment will commence only after the successful candidate has received their PhD)

IV) Required languages

English – fluent or native (essential)

Polish – fluent or native (desirable)

V) Required research, teaching or mixed experience

Experience in conducting experimental research

Experience in programming experiments

VI) Benefits

- ✓ an atmosphere of respect and cooperation
- ✓ support for employees with disabilities
- ✓ flexible working hours
- ✓ funding for language learning
- ✓ co-financing of training and courses
- ✓ additional days off for education
- ✓ life insurance
- ✓ pension plan
- ✓ savings and investment fund
- ✓ preferential loans
- ✓ additional social benefits
- ✓ holiday subsidies
- ✓ children's holiday subsidies
- ✓ "13th" salary

VII) Eligibility criteria

1. Scientific achievements
2. Area of research expertise
3. Motivation

VIII) The selection process

1. Competition committee begins working not later than 14 days after the submission deadline
2. Formal evaluation of submitted proposals.
3. Call to provide additional or missing documents if necessary.
4. Selection of candidates for the interview stage.
5. Interviews for candidates who meet the formal requirements.

6. Announcement of results and feedback regarding candidates' strengths and weaknesses.

IX) Prospects for professional development

The successful candidate will be able to pursue their own research agenda (as long as this will not undermine their work on the funded project). The research team will support them in preparing publications based on this research, as well as in preparing future grant applications. Conference funding will provide the successful candidate with networking opportunities.

GDPR Information Clause :
